

## DEPUTY SLAIN YESTERDAY IN BALKAN AFFRAY

Jim Collins, Formerly of Here Killed  
in Attempt To Arrest Offenders  
—Shot Before He Drew Gun,  
Allegation

WAS AT I. O. O. F. JULY 4  
PICNIC AT TOM'S CREEK

Jim Collins, deputy sheriff of this county, familiarly known as "Dad" Collins, was shot and instantly killed by George and McKinley Adams at Balkan about 3:30 yesterday afternoon following an attempt to arrest the latter. The two men were arrested by Sheriff Martin Green's officers and are now in the Pineville jail.

Deputy Collins was on the picnic grounds where the Oddfellows of Tom's Creek were celebrating the Fourth of July. Hearing three or four shots in the distance he went to investigate. As he stepped from a car in which he had been driven to the scene of the shooting by Mr. Gross, George Adams and McKinley Adams each fired one shot, both of which struck the officer in the region of the heart, killing him instantly. Witnesses say that he did not draw his gun.

County officers being immediately notified hurried to the scene and made the arrests. McKinley Adams lives at Wallins and is a single man. George Adams lives at Baretree Hollow and has a wife and seven children.

Jim Collins who was about fifty-five years of age has been a deputy sheriff since Martin Green has been sheriff. He was also a deputy under Ben Van Beher. He had the reputation of being an efficient, fearless officer. He had been doing guard duty at the Telley mines. He was well known in Middlesboro, this having been his home until recently. He is survived by a wife who lives here and by several children.

Mr. Collins was over in Virginia several years ago to serve as a witness when two of his sons were killed.

## FEW PEOPLE REALIZE HAPPINESS FOR A CHILD MEANS

LOUISVILLE, July 3.—I wonder how many of us realize what means "happiness" to a child. A very small majority, I am afraid, or we would take different means to provide it for the little ones. The trouble is that we confuse "happiness" with "diversion." A child may be diverted by seeing a thrilling movie or vaudeville act, but this does not mean joy to him.

Our greatest pleasure comes with our association with those whom we love; and parents are in a position to either make or mar the entire life of their offspring in providing amusements for them. One or both parents should be included in most of the child's so-called "social activities." The gathering together of family groups for home entertainment will give the younger members of the family the greatest amount of joy, both in the anticipation and the preparations made, and the event itself.

When weather and seasons permit, picnics in the country, at which the youngsters are free to run around and come acquainted with nature in all her loveliness, affords much pleasure to the growing mind. If an older person who is a nature-lover accompanies a child, there is every opportunity to him to be all the more interested, teaching him the first principles of study.

Is a mistake to think that wealth all that it stands for, is a proof of happiness. The pleasures to be found in the most moderate of life are often greatly in excess of where money is no object. And when we teach our children that they get more real joy out of life, being healthy, simple lives, the same will give them true happiness.

## JAM WHISKEY, 2 PISTOLS TAKEN IN RAID ON CAR

All jar of whiskey and two pistols taken by police in a raid on a touring car on Lottbury avenue yesterday afternoon. James Williams, the driver, was arrested and the car was impounded. The whiskey belonged to him as the other occupants and the car of the car occurred in the state alone was convicted. In the afternoon, James Williams was sentenced to thirty days in jail and be required to make a \$1000 bond. Ed Miller, a member party, was bound to the grand under a \$200 bond on a charge of carrying concealed deadly weapons.

## COLGAN URGES QUESTIONNAIRE IN COAL SURVEY

Local Man Directing Work Seeking  
Equitable Valuation of Coal Lands  
in Kentucky—Gets Reports  
On Mine Valuations.

EXPECTS TO BRING TO LIGHT  
MUCH UNLISTED PROPERTY

The Pineville Sun prints the following article in regard to activities of P. T. Colgan, local man, for securing an equitable taxation of coal property in this section:

Questionnaires seeking detailed information regarding the equitable valuation of coal lands, mineral rights, leasehold estates, buildings and structures, coal mine equipment, and tangible personal property have been received by local coal operators from the tax commission now engaged in making a mineral resource survey for assessment purposes. The questionnaire is in line with the work now being directed by P. T. Colgan, Middlesboro operator, for the tax commission, seeking an equitable and satisfactory basis of assessing coal properties for taxation.

The questionnaire calls first for a condensed balance sheet as of December 31, 1922, conforming to the balance sheet submitted to the federal government for income tax purposes, and then provides for the listing of the number of acres of surface land owned by the company, its value, acres of coal rights, timber rights, and value, acreage in each separate seam of coal, acres already mined out, thickness of seam, number and kind of buildings, character of roof and flooring, whether the acreage is owned or leased and contains with inquiries seeking equally detailed data regarding all buildings on the property and other mining structures and trunks and a schedule of tangible personal property and mine equipment of every character.

The information sought is in line with the explanation of the mineral resource survey being made by Mr. Colgan and outline by him last week before the conference of county tax commissioners in Frankfort last week.

Discussing the questionnaire and the survey, one prominent coal operator here stated that the plan is practical and the beginning of a uniform system of assessment and will be of much value to the state if applied in fairness to all mining properties. Whether it will raise the assessed valuation of coal properties, he said, depends entirely on the basic figure on which the sliding scale valuation is applied.

Mr. Colgan will be in Pineville next week. Col Smith, tax commissioner, said, to help him explain the schedule to the operators.

The Colgan Plan  
FRANKFORT, June 28.—Assessment of coal lands at their fair forced value, with an itemized report on the valuation of all mine equipment and property was advocated at the Kentucky Tax Commission's conference here today by P. T. Colgan, Middlesboro, who is working with the State Tax Commission in making the mineral survey recommended by the 1922 legislature. New methods of arriving at an equitable assessment of coal properties will go into effect July 1, according to Mr. Colgan.

Heretofore coal operators have lumped their assessments in many instances, according to members of the conference, but under the new system lands will be assessed in one way and an itemized report will be made of all mining equipment and houses, ripples, buildings, etc., owned by mining companies. This system is expected to bring to light much hitherto unlisted property and it will require the operators to pay the tax on separate items rather than in a lump valuation.

In an address before the conference today Mr. Colgan attacked what he termed "poisoned articles in the press" relating to the deal which Henry Ford made for Leslie county coal and timberlands. He said papers had stated that the Michigan manufacturer had paid as high as \$15,000,000 for the property when in truth it cost something like \$2,500,000.

Instructions Are Explained  
Instructions for the guidance of the county tax commissioners in assessing coal properties were explained by Mr. Colgan. The State Tax Commission proposes to zone all coal lands in the principal coal bearing counties. This zoning will be based on accessibility to development, size and thickness of coal, etc.

Under the new system of assessing

## NEGROES ASK U. S. PROTECTION FROM KU KLUX

War Veterans' Director Hines to Investigate Allegation That Tuskegee Head and Surgeons Are Threatened By Klan

PARADE OF 700 MEMBERS AT  
TUSKEGEE TUESDAY NIGHT

NEW YORK, July 5.—Declaring lives of R. R. Moton, president of Tuskegee Institute, and negro surgeons at the United States Veterans' Hospital at Tuskegee, Alabama have been threatened by masked mobs, the National Association for the Advancement of Colored People today wire President Harding urging that he send Federal forces to protect them. Moton succeeded Booker T. Washington as president of Tuskegee.

By Associated Press

TUSKEGEE, July 5.—Action of the National Association for Advancement of Colored People requesting military protection for the president and negro surgeons at Tuskegee is supposed here to have resulted from a parade of seven hundred members of the Ku Klux Klan Tuesday night. The parade spokesman said the demonstration was against placing a negro personnel at the veterans hospital where white soldiers are treated.

TUSKEGEE, Ala., July 5.—Director Frank Hines of War Veterans' Bureau arrived today to make a personal investigation of conditions here.

## PINEVILLE LEGION CONDEMNS KLAN

Resolutions to Effect Adopted At Open Meeting—Give Four Reasons

PINEVILLE, July 5.—Condemnation of Ku Klux Klan in toto is expressed by the Pineville Post, American Legion, in resolutions passed by the post and offered to the press for publication. The resolutions, adopted in open meeting June 29, are signed by S. C. Noland, commander and E. B. Wilson, adjutant.

The resolutions condemn the Klan as being "contrary to the fundamental principles of American government" and cite four reasons in support of their position: first, the Klan denies the theory that might makes right; second, there is no other authority save God supreme to the United States government; third, that the Klan runs counter to the six purposes for which the United States government was organized; and fourth, because the Klan violates many provisions of the federal constitution.

Action denouncing the Klan was taken last Friday night, the same evening a speaker introducing himself as a national representative, was addressing about 100 persons in the Gaiety theatre, after local church members had refused to permit the use of the evangelistic tent property for the Klan meeting, though public announcement had previously been made that the speaking would be held in the tent. The public announcement brought a storm of protest from church members and the plans were quickly changed.

## NUMBER ATTEND BARACA PICNIC AT CLEAR SPRINGS

About twenty-five persons from Middlesboro and Pineville attended the Baraca picnic at Clear Springs yesterday. Though the number of attendants was not as large as expected, those present had a pleasant day. The site which is near five varieties of mineral water is an ideal one for the purpose and members of the Baraca classes looked over it with a view to buying it for annual use, though no action has been taken on the proposition. They were favorably impressed with it, however.

Coal land the area mined out each year will be assessed at a value in keeping with the realizing value per acre on a royalty basis, according to Mr. Colgan. A new listing schedule gives the estimated cost of certain equipment by which the tax officers can arrive at an equitable assessment. As at least 50 per cent of the coal lands of Eastern Kentucky are operated under the leasehold system the new arrangements will throw more of the taxation on the operators. The area mined out or abandoned in one year should be deducted from the whole coal bearing area in the following year according to the instructions.

## SPECIFICATIONS FOR EAST END RECEIVED TODAY

Details For Construction of Streets  
Are Contained in Blue-prints From  
State Highway Department—  
Council to Consider Plans

TO HAVE PARK CENTER EXCEPT  
AT STREET INTERSECTIONS

Specifications for East End street construction were received from the state highway commission at the city hall today and are now receiving the attention of Mayor J. H. Keeney.

The drawings contained in the several pages of blueprints give detailed data on the proposed work. Fitzpatrick avenue from East Cumberland to Ashbury avenue will be reconstructed with a total width of twenty-three feet two foot gutters on either side and six inch curbs. A rock asphalt paving will be placed on a concrete base.

East Cumberland avenue will have the twenty foot park in the center except at the street intersections. It will likewise be paved with rock asphalt on a concrete base.

The plans will come before the next council meeting for approval, according to Mayor Keeney. In view of the fact that the state will pay one-third of the expense of construction, he says he does not know whether or not a city ordinance must be passed before the work may begin.

## JULY 4 TAKES CASUALTY TOLL IN CELEBRATION

Thirty-Seven Are Dead, One Hundred  
Seventy Injured in Satific Yesterday, Mostly Children, Pittsburg Led in Deaths

SIXTY-ONE WERE INJURED IN  
ST. LOUIS CELEBRATION

By Associated Press  
CHICAGO, July 5. Thirty-seven deaths, and 170 injuries resulted in fireworks explosions and other accidents incidental to the nation's observance of Independence Day. Although efforts to prevent the usual casualties were virtually universal, fatalities occurred in many of the principal cities. Most of those killed were children. Pittsburgh led with four dead from tetanus, one shot claimed accidentally. St. Louis led the number injured with sixty-one. Chicago was second on both lists with three dead, twenty-eight injured. Accidents were caused by toy canons, fireworks, and stray bullets and fireworks of various kinds.

## DISTRICT GOLF TOURNAMENT STARTS TODAY

F. P. Seales Wins Low Qualifying  
Score Prize—Good Crowd At  
Meet, Golfers Report Good  
Play This Morning

CHAMBERLAIN HERE  
FOR GOLF TOURNAMENT

The Southeastern Kentucky Golf tournament began at the country club here today with everything favorable—good weather, congenial crowd and every man who qualified for the tournament entering. The most distinguished golfer, perhaps, was C. I. Dawson, Republican nominee for governor, who arrived here yesterday for two weeks' vacation. Preliminaries were played this morning, and though the flights have not been definitely made out, professional Quakenbush indicated about whom they would be made up of.

F. P. Seales, playing the eighteen holes this morning in 81, was winner of the low score qualifying prize, a gold fountain pen, given by Judge J. L. Manning. N. A. Archer, of Williamsburg, last year's Southeastern Kentucky title winner, was second with 85, and Ed Yeager, winner of the president's trophy in the recent tournament here, was third with 88 score. Mr. Archer, as title holder, was given the honor of teeing off first.

Besides these three, Mr. Quakenbush predicted that the First Flight would be made up of N. B. Perkins of Williamsburg, with a score of 92, Will Dishman of Barbourville, 91, A. B. Reeves, Middlesboro, 96, J. P. Horne, Big Stone Gap, 91, and L. C. White, Barbourville, 96. All the preliminaries have not yet been completed, however.

The second flight will probably include: J. B. Garliff, Williamsburg, 98; Jim Phillips, Pineville, 97; R. N. Jarvis, Barbourville, 99; J. E. Archer, Barbourville, 100; R. G. Low, Pineville, 101; J. E. Settle, Pineville, 101; J. M. Bradenburgh, Pineville, 101; T. E. Mahan, Pineville, 98; and G. J. Arena, Harlan, 100.

The following started off this morning: N. A. Archer, Williamsburg; N. B. Perkins, Williamsburg; Will Dishman, Barbourville; F. P. Seales, Middlesboro; J. B. Garliff, Williamsburg; Jim Phillips, Pineville; R. N. Jarvis, Barbourville; R. G. Low, Pineville; Ed Yeager, Middlesboro; J. E. Settle, Pineville; Jim Henderson, Pineville; G. M. Bradenburgh, Pineville; H. H. Tye, Williamsburg; J. H. Lawson, Barbourville; W. E. Cahell, Middlesboro; Attorney-General Charles I. Dawson, Frankfort; J. P. Horne, Big Stone Gap; O. S. Mullen, Big Stone Gap; P. T. Atkins, George Tinley, T. E. Mahan and F. W. Graham, Pineville; W. A. Ellison, Big Stone Gap; J. P. Edmunds, Middlesboro; P. D. Black, Barbourville; W. H. Noel, Pineville; J. G. Arena, Harlan; L. C. White, Barbourville; J. R. Ramey, Middlesboro; J. H.

## MACK PARTIN DEAD, THREE INJURED IN BIG PISTOL BATTLE AT CHENOA FOURTH OF JULY PICNIC YESTERDAY

### WANTS TO FIGHT DEMPSEY AGAIN

Gibbons Still Ambitious After Battle  
Yesterday—Shelby Loses Heavily On Admissions

By Associated Press  
SHELBY, Mont., July 5.—A frenzy of excitement was attendant when the Dempsey-Gibbons battle was over, and Shelby checked up finances today and found it must write approximately a hundred thousand dollar deficit. The total paid admission was \$72,000. Dempsey, winner of the decision after the fifteen rounds, gets about \$262,000. Gibbons gets nothing from the fight. Gibbons declared he wants another chance at Dempsey's crown. St. Paul, the challenger's home is already putting out feelers for the next fight to be there.

### BRAMLEY DIES RESULT FIGHT, BREAKS LINK IN PARSONS CASE

By Associated Press

HARLAN, July 5.—John Bramley, who was shot in an affray at Louellen Sunday, in which his half-brother Charles Mitchell, was killed, died at the Shady Lawn Hospital Monday from the effects of the wounds. The death of Bramley removes one of the chief witnesses for the Commonwealth in the case of John Marcus, Jerry Reed and James Robinson, charged with murder of Miss Lara Parsons on September 6, 1920.

Bramley, who was serving a sentence in the state reformatory at the time Miss Parsons was killed, but who was not at the prison camp, claimed to have discovered certain evidence against Reed, Robinson and Marcus and upon his alleged findings indictments were returned. The trial was called at the April term of the Harlan Circuit Court and passed to the third death day of August term. Bramley's death breaks an important link in the chain of evidence accumulated by the Commonwealth, officers say.

### POWDER SUCCESSFUL IN COM- BATING MEXICAN BEAN BEETLE

To combat the wide destruction of the Mexican bean beetle a number of sprays and powders have been formulated. The one that is proving most successful here, perhaps, is recommended by the Middlesboro Hardware Co., as follows: Arsenic of lead, one pound; powdered sulphur, four pounds; slaked lime, six pounds; (avoid sulphur weight) to be dusted on the bean plant, probably with a common tomato can, in which holes have been punched.

This beetle is to the bean family what the boll weevil has been to the cotton. It saps the strength of the plant by eating the leaves. Beans are one of the principal crops of this section, that is, of the truck gardens, which play so large a part on Lee County and Claiborne County farms. The beetle is found in practically every garden, too.

## 4 DEAD, 6 HURT IN HOTEL FIRE

McKeesport, Penn., Hostelry Burns  
This Morning—Guests on Upper  
Floors Jump in Life Nets

By Associated Press  
PITTSBURGH, July 5.—Four were burned to death and six were injured in a hotel fire in McKeesport today. A score of guests were trapped on upper floors and leaped into life nets. The loss is forty thousand dollars.

Jeffries, Pineville; G. L. Dickinson, Barbourville; J. D. Jarvis, Barbourville; Frank Frazer, J. K. Ralston and W. H. Ralston, Middlesboro; J. E. McDermott, Barbourville; M. A. Douglas, Chenoa; White Moss, Pineville; H. J. Gibson, N. T. Arnett, R. E. Moss and G. H. Manning, Pineville; and J. M. Miller, Jack Inman, Allen Chesney and Arthur Rhorer, Middlesboro.

H. H. Kirkpatrick of Morristown, Tenn., runner up in the Tennessee State tournament, is here this week and will play in the open tournament Saturday. Others who will probably be here to play then are: Bob Craig, professional at Andover, Louisville, Bob Peebles, professional at the Louisville Country Club and Leonard Loos, professional at the Standard Club, Louisville.

About One Hundred Shots Fired in Affray, Mostly From Cover—Officer Shot Trying to Quell Fight

### NO ARRESTS MADE—RESPON- SIBILITY FOR TROUBLE NOT CLEAR

Mack Partin is dead, Albert Overton is seriously, probably fatally wounded and Robert Mason, Newton Miracle and Gentry Mason are less seriously injured as a result of a pistol battle at a Fourth of July picnic at Chenoa at 7 o'clock yesterday afternoon. Miller and Overton and Arthur Overton were arrested and charged with the shooting.

No definite information concerning the origin of the trouble is available. It is said that a number of men from the country and some of the other picnic-makers had a difficulty which started the shooting. Those doing most of the shooting were concealed behind some brush. Partin and others who were hit were out in the open. About 100 shots were fired. Partin was shot under the left arm and died almost instantly. Robert Mason was wounded in the hip and Newton Miracle was hit in the hand.

Pete Miracle, a deputy sheriff, attempted to quell the trouble and was fired at several times but miraculously escaped injury. He fired several shots among the participants in the affray and succeeded in scattering them.

Deputy Sheriff Doc Green went to the scene of the shooting this morning and after investigation, he and Deputy Miracle made the arrests. Considerable excitement prevails today in the vicinity of Chenoa. Deputy Pete Miracle was on guard there this morning to prevent further trouble.

Albert Overton was shot in the back four times. His condition is very serious and arrangements were made to transfer him to the hospital here this afternoon. Mack Partin was about 38 years old and is survived by a wife.

The deceased and the four wounded men lived in the vicinity of Chenoa and had worked at the mines there.

### C. I. DAWSON, REPUBLICAN GOVERNOR NOMINEE, HERE

Charles I. Dawson, recently, state attorney-general, now the Republican nominee for the next governor of Kentucky, arrived in Bell County yesterday for two weeks' visit with "home-folks" before beginning an active campaign for the gubernatorial election. Mr. Dawson is here this week and is taking part in the Southeastern Kentucky golf tournament.

Mr. Dawson was formerly of Middlesboro and more lately of Pineville. He is very popular in this county and district, as the unanimous instruction of delegates to the party convention showed, and the county and district are just as anxious—or more so, if possible to see him elected as they were to see him nominated.

### JUDGE EVANS' MOTHER DIES AT HOSPITAL HERE

Mrs. Catherine Purefull, mother of Judge J. E. Evans of this city, died here at the hospital here at 4:30 Tuesday afternoon. The deceased who was 97 years old was born and raised in this county but moved to a place near New Tazewell about thirty-five years ago and had since lived there. She has a host of friends here and in Claiborne county who mourn her death.

She is survived by her husband, H. H. Purefull of New Tazewell, two sons, John Evans of New Tazewell and Judge Evans; two daughters, Mrs. White King and Mrs. Dow Hufstetter of Middlesboro. Funeral services were conducted this afternoon at 2 o'clock by the Rev. S. P. Martin at the home of Mrs. Hufstetter. Interment was in the Colson cemetery.
